

Center for Healthy Living

Welcome Back!

- Capacity will be limited to 30% or 60 guests
- All guests must prove they are fully vaccinated (two doses Moderna/Pfizer, one dose Johnson & Johnson).
- All guests must take their temperature upon entering
- All guests, employees, and volunteers must wear a mask, unless they are eating a meal.
- The CHL Manager will wipe down table and chairs at least every 30 minutes – as required by the Snohomish County Health Inspector who visited Homage.
- In November 2020, Homage installed three ultra-violet air sanitizers (Reme Halo) that operate as an in-duct air purifier system. UV scrubbers are proven effective against 99.9% of viruses, bacteria, and mold.

Homage reserves the right to change the above rules to keep everyone safe and healthy!
